To Whom it may concern:

This is to inform you that we have been doing business with Discovery Consulting, Inc. for the last three months. We are very pleased with the results of conducting business with Darron Richardson and his staff.

During this time, Discovery has managed to obtain more than \$49,000 in reimbursements from AT&T and Ameritech phone companies. Also he has obtained better rates for long distance services that will save the hospital a significant amount of money on the monthly service.

This was a task we here at the hospital had worked on for several months with no hope of any refund. We had one broken promise after another from our vendor.

Discovery Consulting have always been most helpful in providing information and advice for us. He has made life much easier for me in my dealings with the phone companies.

Please feel free to call me for more information. Thank you.

Sincerely,

Dewey Collins
